Subject: Hawthorne Avenue
Attachments:

Good morning, Sergeant.

My family and I moved into our home at 18 Hawthorne in September. We have slowly been fixing up our vintage colonial and have loved living so close to family; my husbands twin is across the street.

Unfortunately, without constant vigilance and an adult escort, we cannot allow any of the 7 children between us to cross the street since the cars speed up and down Hawthorne all day long. I have had multiple incidences which include:

- a white BMW flying between my sister in laws and my car as we were paused chatting in the street
- another car going around a STOPPED school bus while our neighbors daughter disembarked
- a 20 something Asian woman trying to pass me and honking as I turned into my driveway (this incident was so terrifying I called and reported it and briefly spoke to you) gold Honda plate EHH 8657
- yesterday an elderly woman barreling down the street again honked and tried to pass me as I backed out of my driveway taking my boys to school; gray Camry NY plate BHM 2403

This is absurd. Where is the police presence? Where is the speed limit sign? You must be aware there is a problem and I would hope you don't wait until some sort of accident before acting. I have thrice offered officers (you included) my driveway for surveillance and have yet to be taken up on it. This is a RESIDENTIAL street, not the autobahn!!! We have many families with young children who pay high taxes and should be comfortable letting them ride a bike or cross the street. I realize we are a "shortcut" for the fire department when they are en route to an emergency but the speeding needs to stop there. How can we work together to solve this problem??

Thank you for your prompt attention.
