

VILLAGE OF RYE BROOK

POTENTIAL COMPREHENSIVE PLAN STEERING COMMITTEE MEMBERSHIP

It is suggested that the total membership be no more than 10 people who would likely meet in the evenings. Member should plan on attending many of the other public outreach sessions. The first meeting of this committee would occur after the selection of the planning firm. The project is expected to begin around June 2008 and continue to be implemented over the following two (2) years.

It should be acknowledged to all that a Comprehensive Plan is a long process, involving outreach to a wide cross section of the community. Hopefully some members may have dual roles (i.e. Chamber member and local business owner). The following is a potential list of groups who should receive consideration to have a representative on the committee:

- A. Village Board Member
- B. Planning Board Member
- C. Zoning Board Member
- D. Architectural Review Board Member
- E. Parks and Recreation Advisory Council Member
- F. Environmental Advisory Council Member
- G. Commercial/Professional Owner
- H. Chamber Member
- I. Local "Historian"
- J. Homeowners Association Representative
- K. School Districts Representative(s)
- L. At-large Community Member (from each School District)
- M. Staff as ex-officio Members (Administrator, Engineer, others as needed)
